**Importance:** High

This is just crazy.

The BOE says go to OANC, OANC says to go to AG, AG OAG tells me to go to ethics board, ethics board tells me to go to OANC.

I've filed an updated petition Ms. Muhammad's response is just – I honestly don't have words. "He is a RACIST and hates Black Women and Muslims." Besides being responsible (Theres no other explanation) for the attached flyer...

This process has been disgusting how this elected official can do this to a regular guy – not involved in politics yet is pushed into it to protect his rights and step up for what is right.

Can't the District of Columbia do better than this?

Oh, I've also learned that this ANC08 commission has not filed quarterly financial reports for an entire year. Sit on that too. See what happens.

Respectfully,

OAG:  
"This appears to be a matter for which the enforcement power would lie with other District government bodies rather than with this Office. If the Chair is continuing to eject you from public meetings without ANC approval (see this letter we recently issued on a similar question: <https://oag.dc.gov/sites/default/files/2021-11/ANC-2A01-Letter-re-Commissioners-Speaking-in-ANC-Meetings-.pdf>), you should contact the Board of Ethics and Government Accountability. Concerns about the conduct of an ANC Chair should also be brought to the other members of the ANC, since each ANC has the power to take appropriate action by a majority vote of its members."

Board of Ethics and Government Accountability -

Our review of this complaint indicates that the Office of Advisory Neighborhood Commissions, [oanc@dc.gov](mailto:oanc@dc.gov), would be in the best position to address the issues raised in your complaint. We appreciate you taking the time to file this matter. However, we must respectfully decline to further investigate these allegations.

Office of Inspector General –

“The Office of Inspector General is in receipt of your complaint regarding the ANC and Commissioner Muhammad. However, the Office of Inspector General (OIG) does not have the authority over the enforcement of Freedom of Information Requests. Appeals are to be made to the Mayor’s Office, which you claim you have done. If you disagree with their opinion on the matter, you would need to take legal action. Additionally, the OIG has limited jurisdiction over ANC meetings or the conduct of commissioners unless it involves fraud related to the use of District funds. Harrassment claims should be made to the Metropolitan Police Department. Thank you.”

**Subject:** RE: ANC8A Matters with ANC Commissioner Holly Muhammad

Good Evening,

I would like to update everyone to what occurred this evening during our ANC Meeting. This evening I was ejected 6 times from our ANC Meeting. I entered the meeting each time (I had to make up an email address each time in order to regain access) Each time Ms. Muhammad, (the host) ejected me without my having said one single thing. In fact during this meeting, Ms. Muhammad no longer permitted the chat option she only permitted those who raised their hand to and whom she decided to speak be involved. I eventually was left to watch the remaining part of the meeting after my last attempt to enter the meeting was left alone. I assume she got frustrated that I kept coming back using a different email address I made us under my company domain and just let me stay in however, unlike all the other times, she restricted who could speak instead of having a chat box you had to raise your hand and she decided who to pick to allow to speak. She also never had any open forum like usual to allow citizens to have import or announce upcoming events etc. You can see the meeting here where she ejected me several times -

Please help.

Tom
