Commissioner Crawford

Please accept this Freedom of Information Act Request. I am requesting all email communications between you and any member of ANC8A regarding Holly Muhammad's residency. In a conversation between you and me at your recent Father's Day block party, you refer to some emails in which you requested verification of Holly's residency and a response you received.

During our conversation, you openly acknowledged that Commissioner Holly Muhammad does not live where she declared her candidacy and currently claims to reside. I'd like to obtain all communication that references any discussion around Ms. Muhammad's residency, my being banned from Commission Meetings or discussion around my inquiries about quarterly financial reports and or financial transactions I have questioned in the past. Finally, since you are the Secretary, after multiple requests I am officially requesting the minutes of each ANC Meeting since January 2023.

For the record, I am more than disappointed that you have openly admitted to knowing that Holly Muhammad does not reside at 1915 Minnesota Avenue, and as a commissioner, you have not done the right thing by speaking out against these actions. As the elected official that represents me, you stood by and watched this Commission not only ban me but stomp all over my rights and you just stood by and watched knowing Ms. Muhammad (who claims to live just feet from your house) did not live there.

Holly Muhammad should not be a commissioner, in fact, this means she illegally obtained the position and stole the position from a qualified community member who ran against her. The fact that this Commission continues to ignore this is frankly disgusting. With this said, I ask that you publicly demand that our commission hold a special meeting and find a vacancy in ANC8A03. As you know this Commission has refused to follow the law and two separate letters from the Board of Elections advising this Commission to hold a special meeting.

Lastly, I was very excited for you when you got elected. I attended your swearing-in, and I personally watched you take your oath of office. I'm asking you to do the right thing here and begin to speak out against this Commission.

Respectfully,

Tom Donohue
